Strategic Propositions: Observations on Smart and Not So Smart Marketing - And Why It Should Matter to Growing Companies

In his new book, Jose Palomino delves deeply into value propositions, strategic marketing, entrepreneurship, strategic selling and more.

MALVERN, PA – August 30, 2017 *Strategic Propositions: Observations on Smart and Not So Smart Marketing - And Why It Should Matter to Growing Companies* is the new book by Jose Palomino, CEO of [Value Prop Interactive](http://ValueProp.com), a strategic marketing and sales firm, and author of [Value Prop](http://ValueProp.com). In this book, Palomino shares 20+ years of invaluable insights and experience in business.

Strategic Propositions is a collection of thoughts, blogs and articles written by Jose on topics including value propositions, social media, branding, customer service, strategic selling, entrepreneurship, strategic marketing and much more.

John Warrillow, *Inc. Magazine* columnist and author of *The Automatic Customer* says, “Successful business owners know that creating strategic value is a key to commanding a premium - for their business and their products in the market. Jose’s new book provides sharp insights and inspiring stories on the how and why of creating business value.”

Similarly, Flint McGlaughlin, CEO and Managing Director of MECLABS and MarketingSherpa.com says, “Your value proposition is, in fact, the compass of your entire enterprise. Jose Palomino was one of the first to grasp this essential truth. With his new book, Palomino continues his crusade to give the value proposition its rightful place at the center of business strategy.”

Strategic Propositions: Observations on Smart and Not So Smart Marketing - And Why It Should Matter to Growing Companies is published by Cody Rock Press and is available for purchase on Amazon.com at \$19.95 for the paperback edition.
